Enjoy contemporary Southern charm in this light-filled and beautifully updated home. Three floors provide ample breakout spaces for work, play and entertaining. Lovely hardwood floors, tall windows and impressive millwork enhance the main floor. The well-designed kitchen w/breakfast area opens to a quaint screen porch overlooking the expansive deck. Four bedrooms and laundry upstairs offer a private retreat from the more public spaces. A wet-bar, sitting area, billiards nook and workshop complete the basement level. The circular drive and landscaped 1 acre lot on this quiet street enhance the outdoor appeal. Recently serving as the Head of School house, the property abuts the Carolina Day School campus and is walking distance to the membership country club and a charming neighborhood park with a creek, picnic area and new playground equipment.
